Governing Body: Summary Personal Profile

Name	Pippa Green
Type of Governor	Parent Governor
Particular Responsibilities	Finance, Headteacher Performance Management
About me	<p>I have had children at Northiam since 2009 and have witnessed the school's journey from special measures to it's present stable and good position. I am committed to our school, our village and our community.</p> <p>Whilst my employment history is not in education, I have a great deal of experience of project management involving time and budget constraints. I was also chair of the committee that runs Northiam Nursery, a committee run charity, responsible for staffing, salaries, budgets etc. for two years. In my professional life I have gained experience of working as part of a team and respecting the opinions of my colleagues. In recent years, I have set up my own landscape architectural practice, which has given me experience of managing time and financial constraints.</p> <p>With three young children and my own business there's not a lot of free time to be had, but I enjoy travel, walking, music, cooking and a good book!</p>
