HURST GREEN NEWS

FRIDAY 12th JUNE

New times for arrival and departure

From Monday we have reduced time slots for dropping off and collecting to ensure that parents are not on the premises for long. It is vital that you stick to the times to ensure the safety of us all.

Nursery: 9-3pm - hand over is now in the covered shared area between Reception and the Nursery.

Reception and Years 1, 2 and 3: 9-3pm

Keyworker children with Miss Hughes: 8.45 - 3.05pm

Keyworker children with Mrs Stelfox: 8.55 – 3.15pm

Year 6: 8.50 - 3.10pm

Mrs Stelfox will be back in school teaching full time from Monday so Miss Hughes will be responding to Maple emails again. Please be aware that all teachers will respond as and when they can but will take longer than previously now that we are all back in school.

Kind regards, Miss Flack

Nursery

This week we have been encouraging conversation and language as the children settle back in with their peers. We have been builders this week and have been building a house to stop the big bad wolf getting in and we have been singing and telling stories.

Willow

We have read the story of Goldilocks and the three bears this week. We have been retelling the story and have written sorry letters to the three bears from Goldilocks. In Maths we have been adding on.

Silver Birch

Maths this week has been all about using the part/part/whole model for the Year 1 children. The Year 2 children have been problem solving and working with length. We read the story of Goldilocks and the Three Bears and are making paper mache bowls so that Goldilocks doesn't have to use baby bear's bowl!

Maple

We have been studying the property of triangles and have been finding the missing angles. We have been looking at parabolic curves and have used our knowledge to stitch and colour our own dragons in flight.

Oak

We have had Beatles week in class this week. We have listened to lots of their tracks and have recreated the Sgt Pepper's Lonely Hearts Club Band album cover, which was great fun. In Maths we have been working with fractions and have been dividing decimals by integers.
