HURST GREEN NEWS

FRIDAY 10th JULY

We are currently preparing end of year reports to come out to you next week by email. If you have recently changed email address, please let us know. We have noticed a few children coming in to school without water bottles. Due to hygiene, we have had to turn off the water fountain so it is important that children bring in their own individual water bottle each day.

For those of you at home, we have put the last week of learning on the school website. Thank you so much for all your support during this time – teachers have really enjoyed seeing all the work and activities you have completed at home.

We are finalising arrangements for September and you will receive a letter next week detailing all the arrangements to enable all children to return to school.

Miss Flack

Nursery

This week we have been learning all about shapes and naming them. We have been doing drawings to show what we know! Also, as we have been unable to hold our annual Mini Olympics, we have been doing all sorts of sports including obstacle racing and the javelin (foam ones thankfully).

Willow

This week we have been learning about The Little Red Hen. We have retold the story and thought about how the different characters felt when they didn't help the hen. We wrote apology letters in role as the different characters. We also got a bit messy painting the Little Red Hen, using our handprints! In Maths we have been learning about tens and ones and one more or one less.

Silver Birch

This week we have been learning all about Christopher Columbus. In English we have been using The Three Billy Goats Gruff as our book for the week. We sequenced the story, created our own trolls and wrote a 'Wanted' poster for him! In Maths the Year 1 children have been doing numbers to 50 and the Year 2 children have been adding and subtracting with money.

Chestnut

This week we submerged ourselves into the world of Fantastic Mr Fox. We wrote the story and included prepositions and adjectives. In Maths we became data analysts for the week - mind blowing! The designer workshop has also been in full progress, with hand drawn illustrations of Mr Fox and his family. We also had brilliant fun sculpturing foxes.

Maple

In the Maple bubble this week we have been interpreting line graphs in Maths and looking at different ways of representing data including pictograms and bar charts. We had to be careful to use the key in pictograms to get an accurate answer. In English we have been looking at Paul Coelho's work and his use of figurative language. The children were able to write amazing descriptive phrases describing their favourite place: "a bounce pad as big as the galaxy where I can visit Jupiter" Phoebe's trampoline!

Oak

This week Oak class have been learning about managing their money using the Natwest mymoneysense.com website. In Maths we have been learning about area, perimeter and volume. In English we have been using our reading strategies to answer comprehension questions and have been writing instructions. We enjoyed a games afternoon on the field and have been continuing our mile a day to keep up our fitness levels.

SOME OF THIS WEEK'S WORK

Freddie created this terrifying pneumatic dragon's head and his sister Amelie helped to decorate it. Well done to you both!

Silver Birch class photos of London landmarks.

Bella made the London Eye

Chloe made Buckingham Palace
